1. 2023 Road Projects: Roadmaster Vossler presented the supervisors with an estimated cost to do the grinding and paving on 8 roads. There was discussion regarding the cement with not getting any call backs as to the cost. Supervisor Anderson stated that he did receive a call from a company in Rochester and their delivery cost was around \$200 per ton. The supervisors wanted to wait until the next workshop in February to see if the other cement companies will call with their prices and determine which roads will be done as priority.
